

# Asset Trading Program

Turn un-needed or un-used agency equipment and assets into NEW EQUIPMENT or TRAINING!

## Briefly how it works:

- The agency lists the assets they wish to trade.
- GTI assesses them and gives a value for credit.
- Once the agency approves the value or credit
- The credit can then be used towards the purchase of new or replacement assets or any of GTI's training programs.

### ***NOTE FOR WORKING WITH VENDORS:***

**GTI buys the new product from the vendor; the vendor ships direct to the agency; GTI takes the agency assets in trade for the purchased products!**

**The key to this program is an agency wishing to buy assets can bring their favorite vendor to the program OR any vendor registered with ATP can bring one of their client agencies to the program. Both AGENCIES and VENDORS should be registering and utilizing the Asset Trading Program!**
